BILANGAN 1/1959**

APPLICATION FOR LAND

It appears to have been the practice recently for an individual or association to apply for the alienation of land on behalf of others. Such application is not in accordance with the requirements of the Land Rules.

At the meeting of the Executive Council held on 14th March, 1959, the Ruler in Council had refused an application of this nature. Collectors of Land Revenue are, therefore, advised not to accept applications from an individual or association on behalf of others. Such applications should be summarily rejected.
