EMPLOYMENT OF MALAYS IN INDUSTRIES

In order to implement Government policy to encourage participation in commerce and industry, including the employment of Malays in industries, it has now been decided to impose as one of the conditions on all lands alienations for industrial purpose a clause providing for employment where possible of, at least, 25% of, Malays employees.

2. To assist Collectors of Land Revenue it has been agreed that the additional conditional should take the additional condition should take the following form:

“ Expect in jobs which require special knowledge, experience or qualification to which any one may be engaged, the lessee shall ensure that 25% of the other employees engaged in the business for which the land is hereby leased, shall be Malays and the rest Federal Citizens “.

3. Collectors of the Land Revenue are, therefore, advised to include above employment condition when submitting their recommendations in respect of all lands to be alienated for industrial purposes.
